As new faculty, academic staff, and administrators arrive on campus each year, the AAN provides orientation sessions and materials to help them learn how to navigate the university community. During these sessions, participants have the opportunity to meet members of their peer cohorts, the individuals with whom they will be learning and collaborating as they transition into their new roles. They also have a chance to interact with the leaders of many campus programs and offices who can provide perspective on how those separate pieces of MSU work to further the university's mission.

Please visit the AAN website by clicking below to find information about 2017 Orientation sessions.
