Courses and Course Materials in Food Science and Human Nutrition

**MERLOT.**
A comprehensive database for online teaching and learning materials. Type Nutrition into their search engine for a list of courses and materials useful for teachers and students.

This article describes an approach to Introductory Food Science courses that minimizes lectures and maximizes experiential learning, requiring students to accomplish tasks in groups. Links to handouts, a PowerPoint presentation, and the course pre/post test are provided.
Assessment in Food Science and Human Nutrition

Outcomes Assessment (Iowa State Univ. Dept. of Food Science and Human Nutrition).
A comprehensive overview of outcomes assessment in the Food Science and Human Nutrition Department at Iowa State Univ. Includes a description of the assessment program, assessment materials, reports, and curricular changes based on outcomes assessment.

Assessment (Utah State University, Nutrition, Food Sciences and Dietetics).
Learning objectives, outcomes data, and data-based decisions are available online for 2006-2011 in dietetics, food science, and nutrition science. (Click 2010 to get 2011 information.)

Accreditation Council for Education in Nutrition and Dietetics (ACEND).
Formerly the Commission on Accreditation for Dietetics Education (CADE), this accreditation agency provides numerous accreditation resources such as a handbook on outcomes assessment for dietetics education, an online tutorial, an online newsletter, and a site visit guidelines brochure.
