Vincent Tinto-March 2016 MSU Schedule

On March 24, 2016, Vincent Tinto, Distinguished University Professor Emeritus, and former Chair of the Higher Education Program, Syracuse University will be visiting MSU to speak to various campus groups on the topic of Student Success.

Dr. Tinto has carried out research and has written extensively on higher education, particularly on student success and the impact of learning communities on student growth and attainment. His book, *Leaving College*, published by the University of Chicago Press, lays out a theory and policy perspective on student success that is considered the benchmark by which work on these issues are judged. His most recent book, *Completing College*, also published by The University of Chicago Press, lays out a framework for institutional action for student success, describes the range of programs that have been effective in enhancing student success, and the types of policies institutions should follow to successfully implement programs in ways that endure and scale-up over time.

Dr. Tinto’s visit is generously co-sponsored by the College of Natural Science, the College of Agriculture and Natural Resources, the College of Engineering, Residential and Hospitality Services, Student Affairs and Services, MSU Neighborhoods, Lyman Briggs College, the College of Education and the Higher, Adult and Lifelong Education Program, the Office of the Associate Provost for Undergraduate Education and Faculty and Organizational Development.
